AHORN CAMP CamperVans

MODELS 2023 RENAULT MASTER BASE

AHORN CAMPERVANS

FLEXIBLE, SPONTANEOUS, RELIABLE

Drive off spontaneously, head for the next destination and enjoy the freedom of travel - that's what Vanlife is all about. Our two campervan models, Van 550 and Van 620, score with a reliable Renault chassis, a well thought-out space concept and good value for money. It is entirely up to you whether it is a single bed or a double bed. Both vehicles have a fully equipped kitchen and a multifuncti-

onal bathroom. So nothing stands in the way of self-sufficient travel! Since 1991 we have been accompanying our customers on their way to self-determined travel. Convince yourself and enjoy the freedom on four wheels with Ahorn Camp.

Our chassis - The Renault Master

All our vehicles have the latest engines with Euro 6d and AdBlue technology as standard and are therefore particularly low in emissions. The two available diesel engines with twin-turbo technology are also particularly powerful and economical.

Ahorn Camp has been building exclusively on Renault since 2014 and has maintained a close partnership with the French car manufacturer ever since. Throughout Germany, customers can get advice from over 40 Renault partners and benefit from a large retail and service network. The trained teams on site are not only experienced in the field of motorhomes, but also have expertise in the

vehicle technology of the chassis. In addition to a striking and elegant design, the Van Master also scores with low fuel consumption and a durable driver's cab interior. It forms a solid foundation of performance and efficiency for our two Master-based campervan models.

VAN 550

Highlights

- + Compact and manoeuvrable
- + Large double bed in the rear
- + Dinette as an extra bed
- + 70 l compressor fridge foldable on both sides
- + Truma Combi diesel heating
- + Two panoramic skylights
- + Burglar-proof frame windows

Ahorn Camp Van 550

The 5.57 meter long and compact van scores with its practical layout. While the space-saving bathroom combines a shower, toilet and sink, the dishes prepared in the fully equipped kitchen can also be enjoyed outside thanks to the flexible dining table. The refrigerator, which can be opened on both sides, is located at the front part of the kitchen block and can therefore be opened from the inside and outside without

any problems. Both the modern design and the lighting ambience ensure the feel-good factor. The storage space under the comfortable double bed in the rear can be used for additional luggage, sports equipment or other bulky items. The Van 550: your ideal travel companion, whether for spontaneous weekend trips or long adventure trips!

Renault Master *Automatic available

135 HP / 150 HP / 180 HP
/ Twin-Turbo* / Twin-Turbo*

Dining table foldable, extendable and removable.
Practical hob and sink cover.

Large double bed with reading lights and plenty of useful storage space.

VAN 620

Highlights

- + Variable sleeping solution
- + Plenty of practical storage space
- + 70 l compressor fridge
foldable on both sides
- + Truma Combi diesel heating
- + Two panoramic skylights
- + Burglar-proof frame windows
- + Windows with blinds & fly screens
- + Soft close drawers & hinges

Ahorn Camp Van 620

The award-winning Van 620, with a length of 6.22 meters, is the perfect vehicle for travelers who want to travel compactly and at the same time benefit from extensive equipment. The comfortable longitudinal beds in the rear can easily be connected to form a large double bed by inserting an additional element. Useful storage space is located under the beds. The dinette in the front area can be converted into a single bed in just a few simple steps. Thanks to the many cupboards and the low basic weight, the

van offers the possibility of transporting large amounts of luggage. The fully equipped kitchen and the wet room with toilet and shower enable self-sufficient travel as a couple, small family or with friends. Cool drinks can also be taken from outside from the fridge right at the entrance.

Renault Master *Automatic available

135 HP / 150 HP / 180 HP
Twin-Turbo* / Twin-Turbo*

Large and comfortable single beds with a view.

Functional 3-in-1 bathroom with fold-up washbasin.
