Total price (any discounts apply only at the time of the offer):

*When selecting and configuring your motorhome, please keep in mind that the installation of optional equipment and accessories increases the actual weight of the motorhome and reduces the remaining load capacity (or payload). It is imperative that the legally prescribed minimum payload be observed when configuring the motorhome and must not be fallen short of. Empty weights can be taken from the current catalog.

The prices are valid until the publication of a new price list. The above prices correspond to the prices at the time of printing. Changes in price, design and equipment and errors excepted. The prices are to be understood as recommended retail prices incl. 19 % VAT. However, the VAT rate applicable at the time of delivery shall apply. In addition there are EURO 2.450- for transport to the head office in Speyer, TÜV, COC documents, gas acceptance, handover, instruction and an AGM battery.

With appearance of this price list all previous ones lose their validity. Status August 2023. V1/24
